

Private/Semi-Private Swim Lessons

Experienced instructors are available to help you meet the goals you wish to attain in a one-on-one setting. The prices quoted below are for 30 minute lessons. Please inquire for pricing for 15 minute, 45 minute, or 60 minute lessons.

- This program is open to children and adults.
- This program is great for older children who have little to no formal swim instruction, for any person who is uncomfortable around the water, or even for a child who has learning challenges in a group setting.
- We also offer a semi-private option for two to three students of similar skill. We do not connect incomplete semi-private lessons groups, so you must have two to three students when registering.
- Private/Semi-Private Swim Lessons are scheduled based on pool space and instructor availability.
