"Thank you so much for such a successful event. You and your staff were such a pleasure to work with on our [After Prom]...We are hearing nothing but positive feedback from the kids and parents. Some suggestions for 'next year.' That's right, the kids are requesting we do this again next year."

"We want to thank you for all your help with our after-prom. The kids had a great time and it is the perfect place to hold our after-prom. I also want to tell you what a wonderful job your staff did in helping us set up, chaperone and clean up at the end of the night. They really helped in making it a successful night for us."
